

Grow India Naturals

CULTIVATOR & EXPORTER

Packaging Solutions

We have categorized our packaging into three levels :-

1. Primary Packaging (Direct contact with the product)
2. Secondary Packaging (Additional protection & branding)
3. Tertiary Packaging (Bulk transport & storage)

1. Primary Packaging (Direct Contact with Product)

Spices, Millets, Pulses, Oil Seeds, Rice, Wheat, and Tea

- Stand-up Pouches
- Vacuum Sealed Bags

Vegetable Oil & Honey

- PET & HDPE Bottles
- Glass Jars

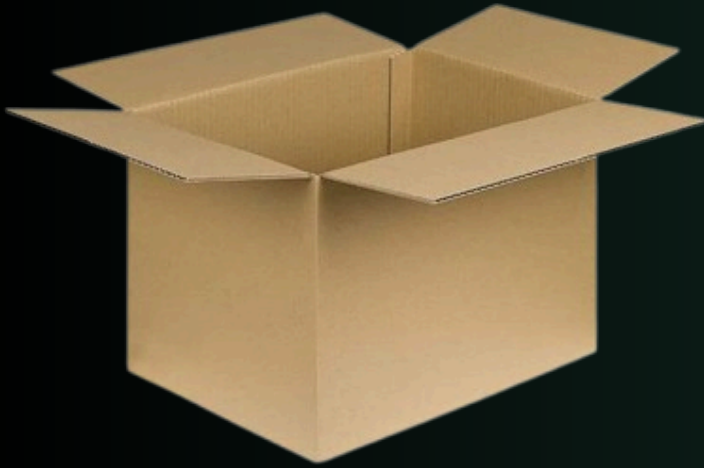

Vegetables & Fruits

- Net Bags & Mesh Bags

2. Secondary Packaging (Branding & Additional)

- Carton Boxes
- Food-Grade Kraft Paper Bags with PE Lining
- Food-Grade Woven PP Bags

3. Tertiary Packaging (Bulk Transport & Storage)

Packaging Guarantee

1. Material Safety:

- **Food-Grade Materials:** Follow international safety standards (e.g., ISO, FDA, BRC, Kosher, Halal & other regulations).
- **Non-Toxic & BPA-Free**
- **Chemical Resistance**
- **Hygienic Manufacturing**

2. Cost-Effective:

- **Efficient Design**
- **Affordable Solutions:** Various packaging types to fit different budgets.
- **Economical Bulk Options:** Cost-efficient for large quantities without compromising quality.

3. Durability:

- **High-Strength Materials**
- **Tamper-Proof Seals:** Maintains product integrity during transit.
- **Impact Resistance:** Protects against rough handling and shocks.
- **Secure Closures:** Zip-locks, heat seals, or screw caps as per product requirements.

4. Air & Moisture Resistance:

- **Barrier Protection:** Multi-layered packaging with moisture and oxygen barriers to maintain freshness.
- **Vacuum-Sealed Options:** Removes air to prevent oxidation and spoilage, especially for spices and seeds.
- **Desiccant Packs:** Keeps contents dry and free from moisture.
- **Resealable Packs:** Ensures product freshness even after opening.

5. Custom Branding:

- **Private Label Options:** Customized branding with the buyer's logo and design.
- **Flexible Designs:** Available in various shapes, sizes, and print styles to support brand identity.
- **High-Quality Printing**
- **Compliance with Regulations:** Includes essential product information, traceability codes, and certification marks.

6. Custom Bulk Packaging:

- **Industrial-Grade Sacks and Containers:** Heavy-duty woven fabric or reinforced materials for bulk shipments.
- **Moisture and Air Resistance:** Suitable for long-haul transportation.
- **Ergonomic Design:** Easy handling with handles, lifting loops, or reinforced stitching.

7. Specialty Packaging:

- **Eco-Friendly Options:** Biodegradable, compostable, or recyclable materials for sustainable packaging.
- **Premium Presentation:** Glass jars, aluminum tins, or airtight pouches for high-end products.

Customize Branding & Labelling

1. Private Label Packaging:

- Customized packaging according to the buyer's brand, logo, and design preferences.
- Tailored to meet regulatory and market-specific requirements (like labeling languages, certifications, and nutrition facts).

2. Own Label Packaging (Grow India Naturals Brand):

- Standard packaging featuring the Grow India Naturals logo and branding.
- Available in retail-friendly sizes as well as bulk options.

3. Neutral/Generic Packaging:

- Simple, unbranded packaging with basic product details.
- Allows flexibility for buyers who prefer to repackage locally.
